

Civil War Sunday on the Rock

The Board of Directors of FOCWA and our Ranger Advisor John Cantwell have conceived a new plan to enhance the visitors experience on Alcatraz.

FOCWA has committed to provide people in Civil War attire on the island to help interpret the Civil War history of Alcatraz on Sundays.

What you could do on the island

If the lead wishes to they should do one dock announcement or anyone else that has been through one of Lori's training program.

Fortress Alcatraz tour – You must be certified to do this

Citadel tours if you have been certified

If possible 5 or more cannon demonstrations during the day.

One or more persons to do a session at the Industries building.

Training should be done by Ranger Cantwell or the lead.

Depending on who joins the lead will depend on what activities we can do.

Standing guard, walking the island and just looking good is always an asset. Who knows your picture might end up on someone refrigerator?

Here is what to do

Let one of the leads know you are coming, you can let them know when you get to the island.

If you are in period attire you can come across to the island free

Choose the time period that you can volunteer

Bring something to eat, there is no food on the island.

You can leave anytime during the day

We will try a beta test for the months of April through June. In July, we will continue but evaluate the first three months.
